

# User Manual - AMARENA

---

## Equipment

- WiFi
  - Air Conditioning
  - Heating
  - Electrical Panel
  - Coffee Machine
  - Induction Hob
  - TV
- 

## WiFi

- **Network Name:** Portapalace
  - **Password:** portapalaceamarena
- 

## Air Conditioning

**Location:** Bedroom

- Turn on using the orange **ON/OFF** button.
- Adjust the temperature using the +/- buttons on the remote control.
- Adjust fan intensity using the **FAN** button.
- For heating mode, select the "sun" symbol with the "Mode" button.

---

## Heating

**Type:** Autonomous with thermostatic valves.

To adjust the temperature, use the thermostatic valves on the radiators.

---

## Electrical Panel

**Location:** Wall in front of the kitchen.

---

## Coffee Machine

**Nespresso:** Turn on the coffee machine by pressing the cup button located near the water tank.

When the light stops flashing, the machine is ready to dispense coffee.

Place a cup under the dispenser and press the cup button to start coffee dispensing.

The process stops automatically.

---

## Induction Hob

Select the desired temperature using the two knobs at the bottom of the hob (right for the upper plate, left for the lower plate).

---

## TV

The room has a TV with a remote control. If you have difficulty turning it on or off, please use the I/O button located on the side of the screen.
